

## Marwan Ahmed

Front-End Developer

Cairo, Egypt

My will to learn pushes me forward to gain knowledge and increase my skills to build my career in Development because it's my passion.

I know how important the details are for a Front-End Developer. My keen attention to detail and dedication to solving any problem at hand is what separates me from other candidates with similar qualifications. Also, my knowledge of the business sector helps me a lot in understanding the business needs and collaborate with the clients and achieve organizational goals.
